ACTIONS TO BE TAKEN IF SCREEN IS POSITIVE:

For individuals with a positive screen identified **PRIOR** to arrival at an SLHS campus (ie. at pre-registration):

- Please follow most up to date appropriate clinical triage algorithm. Contact provider and supervisor if there is any uncertainty.

For individuals with a positive screen identified **AT** arrival an SLHS campus:

- Assure that patient has been given appropriate PPE and is best socially distanced, ideally in their vehicle
- Perform clinical triage to assess patient safety and urgency of care needed
- If patient is appropriate for the level of care offered at said campus, contact provider to discuss most appropriate visit options including but not limited to: rescheduling, transitioning to telehealth visit, pursuing in person visit
