Twiss Joins SLHS Hospitalist Team

POTSDAM, NY – Madeline Twiss, PA, returns to the North County as St. Lawrence Health System’s newest Hospitalist at Canton-Potsdam Hospital.

Prior to earning her Master of Science in Physician Assistant Studies at Clarkson University, Potsdam, Ms. Twiss worked at Canton-Potsdam Hospital as an Endoscopy Technician. She returns to the Hospital with training at a Level II Trauma Center, and assisting surgeons with laparoscopic, and robotic operations.

“I am familiar with the area after growing up and attending high school here, as well as Clarkson University. I began my career in medicine at Canton-Potsdam Hospital, and am lucky to be able to return and serve the community,” Ms. Twiss said.

She is certified by the National Commission on Certification of Physician Assistants, and New York State Infection Control. Ms. Twiss holds certifications in Fundamentals of Critical Care Support, Advanced Cardiovascular Life Support, and Pediatric Life Support.

As a Hospitalist, Ms. Twiss is a specialist in the care of hospitalized patients. She has experience caring for patients in a Critical Care Unit, and performing central line, and chest tube placement procedures. She coordinates acute-level care with primary care practitioners, case managers, allied health members, and specialists.
